

The Ultimate Contractor Scoring Tool

Everything you need to choose your contractor

Criteria	Weighting (out of 10)	Score (out of 10)
CSR	5	6
Environmental Impact	6	10
Technology Use	7	10
Services	10	10
Employee Treatment	5	10
Communication	6	6
Sub-contractors	5	10
Insurance and Public Liability	10	10
Price	6	6
Locally owned and operated	1	3
Total Score (out of 10)		8.8

How to use it

1. Pick the criteria that matter most to you and put them in the different criteria sections
2. If you don't need all 10 spots, set any you aren't using to a weighting of 0
3. Determine how much it matters to you out of 10 and put that number in the weighting section
4. Give the contractor a score out of 10 for that criteria
5. Include any notes that may influence your decision
6. Compare the total score to any other contractors you are considering (duplicate this sheet for multiple contractors)
